

**Name of the Project: Urban Infrastructure Development: Kanglung (Water supply Scheme at Kanglung Regional Hub).**

Urban Infrastructure Development at Kanglung is a Water Supply Project in Kanglung Regional Hub initiated in 2017 with the grant support from the Government of India.

The project has benefitted more than 6890 people residing in Kanglung area and people residing in nearby villages under Kanglung Gewog. With the completion of the project, it has enhanced access to clean water to the residents of Kanglung Regional Hub and will also contribute to the growth of Kanglung regional hub and promote balanced and equitable regional development in the country.

This Project cost was Rs 14 crore, of which Government of India assisted with 100% grant under PTA mechanism. The Project Construction was spread over 11<sup>th</sup> and 12<sup>th</sup> Five Year Plans.
